

on the materials submitted for participation in a competition for „Professor“ in the field 6. Agrarian science and veterinary medicine Professional field 6.5 Forestry science, scientific specialty “Technology, mechanization and automation of the woodworking and furniture industry” in the discipline Technology of fiberboards

Prepared the opinion: Panayot Angelov Panayotovq Ph.D., Professor in a Professional Field 6.5 Forestry, from University of Forestry

1. Brief biographical data for the candidate

The candidate for the academic position “Professor”, associate professor Victor Petrov Savov was born on 23.02. 1980 in Sofia.

2. Correspondence of the submitted documents and materials of the applicant according to the Rules of the Development of academic staff at the University of Forestry.

The submitted documents and materials **correspondence** of the applicant according to the Rules of the Development of academic staff at the University of Forestry in Sofia.

3. Assessment of the candidate’s educational and pedagogical activities (work with students and PhD students)

Very good experiments

4. Assessment of candidate’s scientific, scientific-applied and publishing activities

General description of the presented materials

Candidate associate professor Victor Petrov Savov participated in the competition with:

- Monographs – Chapter of monographs “Nanomaterials to Improve Properties in Woof- Based Composite Panels (s);

- Textbooks – 0 number (s);
- Learning materials – 2 number (s);
- Books – 0 number (s);
- Publications - 51 number (s).
- Projects - ...8 numbers (s).

4.1 Participation in scientific, scientific-applied and educational projects

Participation in national and education project-7 numbers;

Management of national and education project-1 numbers;

4.2 Characterization of published scientific results

The scientific results are applied for industry and education.

4.3 Reflection of Candidate's Scientific Publications in Literature (known citations)

- Total - 301 citations.

By type of citations:

- In reference journals and proceedings of scientific forums -265 citations;
- In teaching aids, monographs, dissertations, etc. - 24 citations.

4.4 Contributions to the candidate's work (scientific, scientific-applied, applied)

They are development modified modes for producing wood fiberboards with hoot pressure with synthetic resins, technical lignin and lingo-sulfonate. They are development adhesives with urea resins and lingo-sulfonate.

5. Assessment of the applicant's personal candidate

Learning materials for students: in “Technology, mechanization and automation of the woodworking and furniture industry” in the discipline Technology of fiberboards

6. Critical remarks

No

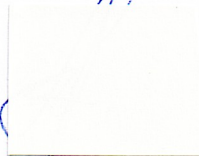

7. Personal impressions

Very good

8. Conclusion

In connection with the above, I propose that ass. Professor Victor Petrov Savov be elected as a „Professor“ in the discipline „Technology of fiberboards in the Professional field 6.5 Forestry science, scientific specialty „Technology, mechanization and automation of the woodworking and furniture industry” .
