Personal information

First name(s) / Surname(s)

Rumen Ignatov Tomov

Telephone(s)

+359 2 8192945

Fax(es)

+359 2 862 30 68

E-mail

rtomov@yahoo.com, rtomov@ltu.bg

Nationality

Bulgarian

Date of birth

24.06.1967

Gender

male

Work experience

Dates

from 06.12.2011 till now

Occupation or position held

Professor

Main activities and responsibilities

Lecturer in plant protection (entomology, biocontrol, quarantine of plants)

Name and address of employer

University of Forestry

Type of business or sector

Academia

Dates

from 19.03.02 to 06.12.2011

Occupation or position held

Associate Professor

Main activities and responsibilities

Lecturer in plant protection (entomology, biocontrol, quarantine of plants)

Name and address of employer

University of Forestry

Type of business or sector

Academia

Dates

From 03.06. 1999 to 19.03.2002

Occupation or position held

Assistant Professor

Main activities and responsibilities

Lecturer in plant protection (entomology, biocontrol, quarantine of plants)

Name and address of employer

University of Forestry

Type of business or sector

Academia

Dates

From 01.04.1998 to 31.03.1999

Occupation or position held

expert

Main activities and responsibilities

Biological control

Name and address of employer

National service of Plant Protection Ministry of Agriculture and Forestry

Type of business or sector

Government

Education and training

Dates	From 1995 to 1998
Title of qualification awarded	PhD in Agricultural Sciences (Plant protection)
Principal subjects/occupational skills covered	
Name and type of organisation providing education and training	Plant Protection Institute- Kostinbrod
Level in national or international classification	Ph.D
Dates	1987-1992
Title of qualification awarded	Diploma in biological Sciences
Principal subjects/occupational skills covered	
Name and type of organisation providing education and training	University of Sofia "St Kliment Ohridski" Faculty of biology, Department of zoology
Level in national or international classification	Master in entomology

Personal skills and competences

Mother tongue(s) **Bulgarian**

Other language(s)

Additional information

Training

1. FAO/IAEA Regional Training Course on "Fruit Fly Detection, Surveillance and Area-Wide Integrated Pest Management for Balkans and Eastern Mediterranean" Technical Cooperation Project RER5021 Supporting the Management of Fruit Flies in the Balkans and the Eastern Mediterranean" 5-9 September 2016, Metković, Croatia
2. FAO/IAEA REGIONAL TRAINING COURSE on "Quarantine and Pest Risk Analysis Applied to Fruit Flies in the Balkans and the Eastern Mediterranean" as part of the project RER5020 "Controlling Fruit Flies in the Balkans and the Eastern Mediterranean" 7-11 September 2015 Bucharest, Romania
3. FAO/IAEA REGIONAL TRAINING COURSE on "Free Open Source Software for GIS and Data Management Applied to Fruit Flies in the Balkans and the Eastern Mediterranean" as part of the project RER5020 "Controlling Fruit Flies in the Balkans and the Eastern Mediterranean" 27-31 July 2015, Vienna, Austria
4. COST Action FP1002 PERMIT Training School on Identification and Molecular Detection of Invasive Alien Species (IAS) in Forest Ecosystems at the Forest Research Institute, Sękocin Stary, Poland from 8-10 July 2014.
5. FAO/IAEA Regional Training Course on "Fruit Fly Detection for Balkans and Eastern Mediterranean" 6-10 May 2013, Hilton SA, Adana, Turkey
6. Technical visit of the Extension service of state Oregon, USA in the framework of the project BIOREX 17-25 March, 2012
7. USDA Cochran Fellowship Program, 2010, Training in: Techniques for mass production of biological control agents, methods for promotion of biocontrol among the producers of crops and ornamental plants 10-23 October, 2010. State University of Oregon, USA
8. Technical Co-operation Project, BUL 5/012, International Atomic Energy Agency Scientific Visit Code No.: C6/BUL/09010V, Training in: "Molecular Technologies for Diagnostics of Animals species" 17-30 January, 2010 State University of Utrecht, Department of Biochemistry and Cell Biology

Membership of professional bodies:

- International Association for the Plant Protection Sciences
- Union for conservation of nature – Bulgaria – Vice president
- Bulgarian Association for Plant Protection

Participation in international expert teams

1. Scientific Forum on Invasive Alien Species, EC
2. Invasive Alien Species Working Group 2 – Early Warning and Rapid Response – European commission.
3. Joint EPPO/OIBC Panel on Biological Control Agents

Participation in national expert teams in National Evaluation and Accreditation Agency

1. Chairman of expert team according to procedure of evaluation of PhD education in a scientific specialty 04.01.10 "Plant protection" in Agrobio institute Sofia, National Centre of Agricultural Sciences
2. Member of expert team according to procedure of evaluation of PhD education in a scientific specialty 02.22.01 „ *Ecology and preserving of ecosystems*” in The Centre for Ecology at the University of Chemical Technology and Metallurgy
3. Member of expert team according to procedure of evaluation of professional fields 4.3 «Biological sciences» bachelor degree (*Ecology and preserving of ecosystems*) University of Shumen.
4. Member of expert team according to procedure of evaluation of PhD education in a scientific specialty 04.01.01 "General agriculture" Dobrudja Agricultural Institute, National Centre of Agricultural Sciences
5. Member of expert team according to procedure of evaluation of new higher school "College of ecology and sustainable development of environment" – Plovdiv

Additional information

Participation in international scientific projects and networks:

1. Technical Co-operation, International Atomic Energy Agency, RER5021 – Supporting the management of Fruit Flies in the Balkans and the Eastern Mediterranean, **national counterpart finished**
2. Technical Co-operation, International Atomic Energy Agency, RER5022 – Establishing Genetic Control Programmes for Aedes Invasive Mosquitoes **national counterpart finished**
3. East and South European Network for Invasive Alien Species- a tool to support the management of alien species in Bulgaria (ESENTAS-TOOLS) Financial mechanism of the European economic area 2009-2014 Programme BG03 Biodiversity and Ecosystem Services **national counterpart finished**
4. Improving the Bulgarian Biodiversity Information System – IBBIS Financial mechanism of the European economic area 2009-2014 Programme BG03 Biodiversity and Ecosystem Services **finished**
5. East and South European Network on Invasive Alien Species, **ESENIAS National contact point**
6. COST Action CA17122 „Increasing understanding of alien species through citizen science“ (ALIEN-CSI), **on-going, member of MC**
7. COST Action FP1401 „A global network of nurseries as early warning system against alien tree pests (Global Warning)” **member of MC, co-leader of WG3** “Regulation of sentinel nurseries and the collation of results for use in PRS” **finished**
8. COST Action TD1209 European Information System for Alien Species **finished member of MC**
9. COST Action FP1002 “Pathway Evaluation and pest Risk Management In Transport - PERMIT” **finished member of MC**
10. Technical Co-operation, International Atomic Energy Agency, Project RER5020 “Controlling Fruit Flies in the Balkans and the Eastern Mediterranean” **finished, national counterpart**
11. Technical Co-operation International Atomic Energy Agency, Project RER5018 “Supporting Fruit Fly Pest Prevention and Management in the Balkans and the Eastern Mediterranean” **finished**
12. Technical Co-operation International Atomic Energy Agency, Project BUL 5/012 with title “Developing and Validating Molecular Nuclear Technologies for Rapid Diagnostics of Foot and Mouth Disease and Genotyping of Indigenous Cattle Breeds”. **finished**
13. Alien terrestrial arthropods and their impact on biodiversity in Bulgaria (ATARTIB) **finished (project leader)**
14. Bilateral project Bulgaria-China “Invasive scale insects of ornamental plants in Bulgaria and China” **finished (partner)**
15. Bilateral project Bulgaria-Romania “Pest and beneficial insects of medicinal plants in Bulgaria and Romania” **finished (partner)**
16. SEE-ERA.NET “Population genetics of a highly invasive insect pest” **finished (partner)**
17. SCOPES program of the Swiss government – “Non-indigenous insects and their threat to biodiversity and economy in the Balkans” (www.cabi.org) **finished (partner)**
18. Sixth Framework Programme of the European Commission ALARM “Assessing Large-scale environmental Risk with tested Methods” (www.alarmproject.net) – Project Nr. 506675 **finished (subcontractor)**
19. Sixth Framework Programme of the European Commission DAISIE “Delivering Alien Invasive Species Inventories for Europe” (www.europe-aliens.org) **finished (collaborator)**
20. Fifth Framework Programme of the European Commission CONTROCAM “Sustainable Control of the horse chestnut leafminer, Cameraria ohridella (Lepidoptera, Gracillariidae), a new invasive pest of Aesculus hippocastanum in Europe” – Project Nr. QLK5-CT-2000-01684. (www.cameraria.de) **finished (subcontractor)**
21. Fifth Framework Programme of the European Commission FAUNA EUROPEA “European advances in biodiversity indexing and infrastructures”. (www.faunaeur.org) **finished (expert)**

Participation in national scientific projects:

1. "Investigation on leaf-mining insects (Lepidoptera) in Bulgaria" funded by Ministry of Education and Science **(project leader) finished**
2. "Species composition of the flea beetle (Coleoptera, Chrysomelidae) on Solanaceae plants in mountain and semi mountain areas in Bulgaria" Project 112/07.04.2005 University of Forestry **(participant) finished**
3. "Pest status of leafminer pests on *Fagus sylvatica* L.in Western Bulgaria" project 105/2005 University of Forestry **(participant) finished**
4. "Bioecology of horse-chestnut leafminer *Cameraria ohridella* Deschka&Dimic, 1986 (Lepidoptera: Gracillariidae)" Б-901/ 1999 National Scientific Fund **(project leader) finished**
5. "Study on entomopathogenic fungus on lepidopteran pests and their parasitoids in orchards" National Scientific Fund – CC 660 **(participant) finished**
6. "Distribution of rare and dangerous Lepidoptera in Bulgaria and UTM cartography". National Scientific Fund – NNP-18/1993 **(participant) finished**

Participation in other projects

1. BG05M2OP001-2.009-0034 'Support for the Development of Scientific Capacity at the University of Forestry' funded by the Science and Education for Smart Growth Operational Programme (2014-2020) **project coordinator (on-going)**
2. BG051PO001-3.3.06-0056, Support for development of research capacity of young people at the University of forestry " funded by the Human Resources Development Operational Programme (2007 – 2013) **project coordinator (finished)**
3. Development of bio-resources extension service (BIOREX) at the University of forestry. **(project leader) finished**
4. "Harmonization with European standards and sustainable development of the education in Plant Protection" – Ministry of Education and Science, Funded by the World Bank **(participant) finished**
